THIS DIRECTORY of printing offices which employ members of the Allied Printing Trades Unions has been compiled and furnished as a convenience to all buyers of printing.

Printing constitutes the largest peace time industry in the City and County of San Francisco as to value of product. Over 95 per cent of all printing done in San Francisco is produced in Allied Union Offices. Many years of harmonious relationship have existed between these offices and the Allied Printing Trades Unions.

Union Printing Trades mechanics have long enjoyed through their organizations many benefits, including care for the sick and aged, weekly pensions upon retirement, and mortuary benefits to surviving relatives.

Hundreds of thousands of dollars are spent annually by SAN FRANCISCO PRINTING TRADES CRAFTSMEN, their families and friends, who play a prominent part in keeping San Francisco and environs a prosperous, forward looking community.

The membership of the ALLIED PRINTING TRADES COUNCIL and their host of friends are interested in seeing your business prosper. Reciprocate by purchasing your PRINTING from PRINTERS and ALLIED INDUSTRIES named in this Directory.

DECISION OF THE AMERICAN FEDERATION OF LABOR

"The use of a Union Label by the International Lithographers' Protective and Beneficial Association is disapproved and that the Union Label of the Allied Printing Trades Unions be recognized as the only bona fide Union Label to be used in connection with all forms and character of plate making and printing, including the offset plate making and offset printing and as awarded to the International Printing Trades Unions by the American Federation of Labor."
